All experts will sign a declaration of no conflict of interest regarding the project application they evaluate as well as they declare not to distribute information acquired in course of the evaluation process. When the expert has been or is engaged in at least preparing one project proposal or at least one project applicant or partner, he/she will immediately inform POIA about the conflict of interest and remove himself/herself from the pool of experts evaluating this call for proposals. In such a situation, POIA will forward the project proposal to be evaluated by another expert having expertise in the same field.
- 20.4. Experts will evaluate the project proposals according to the Expert Evaluation Sheets (Annex 3) and Guide to the Expert Evaluation Sheet (Annex 4). The evaluation criteria sections are as follows:
 - 20.4.1 criterion 1: project promoter and project partners - their competence and engagement → max of 15 points;
 - 20.4.2 criterion 2: project action plan, needs and involvement of target groups → max 16 points;
 - 20.4.3 criterion 3: project communication activities → max 2 points;
 - 20.4.4 criterion 4: project risk analysis → max 3 points;
 - 20.4.5 criterion 5: project sustainability issues and innovation aspects → max 10 points;
 - 20.4.6 criterion 6: project economic efficiency of the project and its co-fin sources → max 9 points.
- 20.5. The experts shall – using the Evaluation Sheet – separately score the project within 10 working days after having received the project application for evaluation. The arithmetical average score received will be used as a basis for the ranking of the projects. If the difference between the scores given by the two experts is more than 30% of the higher score, a third expert shall be commissioned by the Programme Operator to score the project independently. In such cases the average score of the two closest scores shall be used for the ranking of the projects.
- 20.6. For project proposals receiving less than 50% of the total score, a negative decision will follow automatically.
- 20.7. The ranking list of project applications will be forwarded to the Selection Committee established by the PO. There will be at least three voting members possessing the relevant sector expertise, at least one of them representing the donor programme partners. All members of the selection committee will sign a declaration of no conflict of interest. The Selection Committee may modify the ranking of the project applications

or propose only partial financing of projects in justified cases based on transparent criteria. The Selection Committee may also draw up a reserve list, including project applications that are recommended for support, but due to lack of funding cannot be supported at the time of the decision and could be used should further funds become available.

- 20.8. In case the total grant amount applied for is greater than the total budget of the open call and the final score of multiple projects is levelled, then the project with higher combined score of evaluation Criteria 1 and Criteria 2 will be favoured.
- 20.9. Projects advancing bi-lateral relations with donor countries' projects partners will be rewarded additional points in evaluation scoring, as well as all projects with other project partners from beneficiary countries, incl. Estonian organisations.
- 20.10. PO will sign the minutes of the Selection Committee, where decisions are laid down in a transparent and accountable manner describing which project proposals shall be awarded a grant and which proposals will be rejected.
